ATTN: Mr. Barlow John E
Supervisory Patent Examiner

Subject: Response to the Notice of Non-Compliant Amendment dated July 28, 2008**Ref:** PCT/CA2005/001537: System and Method of Parallel Loadflow Calculation for Electrical Power System (US application no. 10/594715)

Dear Sir/Madam,

Enclosed please find:

1. Amendment copy of 7-figures in 10-sheets of my application no. PCT/CA2005/0015372 (US application no. 10/594715). First 9-sheets are identified in top margin as "Replacement Sheet" and the last-sheet is identified in top margin as "New Sheet".
2. 9-amended claims presented in ascending numerical order, and which are provided with status identifiers. Added claims cannot begin with claim 6, because claims 3 and 4 of original 5 claims are canceled. Therefore added claims are from claims 4 to 9.

Claim-1: (Currently amended)

Claim-2: (Currently amended)

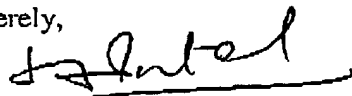

Claim-3: (Currently amended)

Claims-4 to 9: (Added claims)

This correction is being provided in response to the **Non-Compliant Amendment Notice** dated July 28, 2008 by examiner Mr. Barlow, John E Jr

Hope, this will meet the requirements at USPTO.

Sincerely,

Suresh Patel
